Pacheco, D. (2011, December 1). Postmortem Debugging in Dynamic Environments. Retrieved October 16, 2014, from <http://cacm.acm.org/magazines/2011/12/142525-postmortem-debugging-in-dynamic-environments/fulltext#body-5>

Postmortem Debugging in Dynamic Environments | December 2011 | Communications of the ACM

Many modern dynamic languages lack tools for understanding complex failures.
